52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Award will be made based on the lowest priced responsive bid from a responsible bidder on the total aggregate amount of CLINs 0001 through 4004.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of clause)

52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS (JUL 2002)

(a) Definitions. As used in this provision:

"Emerging small business" means a small business concern whose size is no greater than 50 percent of the numerical size standard for the NAICS code designated.

"Forced or indentured child labor" means all work or service-

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

Service-disabled veteran-owned small business concern--

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern" means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and size standards in this solicitation.

Veteran-owned small business concern means a small business concern--

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern" means a small business concern--

(1) That is at least 51 percent owned by one or more women or, in the case of any publicly owned business, at least 51 percent of its stock is owned by one or more women; or

(2) Whose management and daily business operations are controlled by one or more women.

"Women-owned business concern" means a concern which is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and whose management and daily business operations are controlled by one or more women.

(b) Taxpayer Identification Number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to a central contractor registration database to be eligible for award.)

(1) All offerors must submit the information required in paragraphs (b)(3) through (b)(5) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the Internal Revenue Service (IRS).

(2) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

52.212-4 CONTRACT TERMS AND CONDITIONS-- COMMERCIAL ITEMS (FEB 2002)

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement or any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice. The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized,) to the address designated in the contract to receive invoices. An invoice must include--

(1) Name and address of the Contractor;

- (2) Invoice date;
- (3) Contract number, contract line item number and, if applicable, the order number;
- (4) Description, quantity, unit of measure, unit price and extended price of the items delivered;
- (5) Shipping number and date of shipment including the bill of lading number and weight of shipment if shipped on Government bill of lading;
- (6) Terms of any prompt payment discount offered;
- (7) Name and address of official to whom payment is to be sent; and
- (8) Name, title, and phone number of person to be notified in event of defective invoice.

Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment. Contractors are encouraged to assign an identification number to each invoice.

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment. If the Government makes payment by Electronic Funds Transfer (EFT), see 52.212-5(b) for the appropriate EFT clause. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

- (1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or
- (2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 327, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order: (1) the schedule of supplies/services; (2) the Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause; (3) the clause at 52.212-5; (4) addenda to this solicitation or contract, including any license agreements for computer software; (5) solicitation provisions if this is a solicitation; (6) other paragraphs of this clause; (7) the Standard Form 1449; (8) other documents, exhibits, and attachments; and (9) the specification.

(End of clause)

Items 0002, 0003, 1002, 1003, 2002, 2003, 3002, 3003, 4002, and 4003 have Not To Exceed ceiling or Estimated Amounts for unscheduled repairs. The COR is to be notified by the Contractor when reaching 75% of these ceiling or estimated amounts.

(End of clause)

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance

hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor anytime prior to contract expiration.

(End of clause)

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days of prior to contract expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 66 months.

(End of clause)

52.232-19 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond 30 September 2003. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond 30 September 2003, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. PERFORMANCE WORK STATEMENT

1. SCOPE OF WORK: The Contractor shall furnish all labor, parts, materials, equipment and transportation necessary to perform maintenance/repair/installation of any and all components (includes checking phone/data lines and repairing hardware, etc..) pertaining to the Government-owned Integrated Commercial Intrusion Detection System (ICIDS) at Fort Bragg, North Carolina, to insure that the systems are fully operational and functional as to System Configuration Management Procedures, Operational and Installation Manuals, IAW DOD 5200.1-R - Appendix G, AR 190-11 and National and Local Codes. The contractor shall assist in preparation of MIMIC files, write all needed Logic, RSE files, Engineering tables, and Graphics. The Contractor shall be licensed by this State or State of Business Operations, for this type of work and shall have a sufficient number of qualified and experienced personnel to perform the requirements of this contract. Proof of license is required at time of award for contractor and/or subcontractors if used. The Contractor and contractor personnel shall be certified and trained in Intrusion Detection Systems, and be able to obtain technical and software support from DAQ Electronics.

1.2 BACKGROUND INFORMATION. The system used at Fort Bragg is ICIDS-1 with the upgrade package. The software (Proprietary) for ICIDS was developed by DAQ Corporation and hardware was installed by Lockheed-Martin. The ICIDS at Fort Bragg is one of the largest in the U.S. Army, consisting of some 700 zones monitored by a continuous Central Monitoring Center (CMC) under the control of the Security and Intelligence Division, Public Safety Business Center. All arms rooms, classified vaults, narcotics and drug storage areas, etc., are connected to the ICIDS. See Technical Exhibit 1 for current building list and equipment component list.

1.3 PERSONNEL.

1.3.1 Contract Manager. Provide a local contract manager who shall be responsible for the performance of the work. The name of this person and an alternate(s) who shall act for the contractor when the manager is absent shall be designated in writing to the Contracting Officer and the Contracting Officers Representative.

1.3.1.1 The contract manager or alternate shall be available during normal duty hours (7:30 a.m. – 4:00 p.m.), to meet on the installation with government personnel designated by the contracting officer to discuss problem areas. After normal duty hours the contract manager or designated alternate shall be available within 2 hours. Contractor shall furnish phone numbers for contract manager/alternate, for normal duty hours and after normal duty hours to the Contracting Officer and the Contracting Officers Representative.

1.3.1.2 The contract manager and alternate(s) must be able to read, write, speak and understand English.

1.3.2 Employees: The Government has the right to restrict the employment under the contract of any contractor employee, or prospective contractor employee, who is identified as a potential threat to the health, safety, security, general well being or operational mission of the installation and its population.

1.3.2.1 Contractor personnel shall wear an identification badge displaying the company's name, employee's name, description (color hair and eyes, weight, height), title and a picture of the employee, clearly displayed at all times and wear distinctive clothing bearing the company's name, while working at Ft. Bragg. The Contractor shall be responsible for the supervision and conduct of his employees. Contractor personnel performing the work shall have a minimum of 3 years experience in the maintenance and repair of Intrusion Detection Systems. Contractor shall provide certification as to personnel experience to the Contracting Officer within 10 days after contract award. Contractor shall provide a list of personnel with badge numbers in sequence, with a record check with local law enforcement on his personnel, that are to work on Ft. Bragg. Results of these checks, shall be submitted to the Contracting Officer 10 days after award of contract or at the post award conference, whichever is sooner.

1.3.2.2 The contractor shall not employ any person who is an employee of the United States Government if the employment of that person would create a conflict of interest nor shall the contractor employ any person who is an employee of the Department of the Army, either military or civilian, unless such person seeks and receives approval in accordance with Department of the Army Standards of Ethical Conduct Rules.

1.3.2.3 The Contractor is cautioned that off duty active military personnel hired under this contract may be subject to permanent change of station (PCS), change in duty hours or deployment. Their absence at any time shall not constitute an excuse for nonperformance under this contract.

1.3.2.4 All personnel employed by the Contractor in the performance of this contract, or any representative of the Contractor entering the Government reservation, shall abide by all regulations of the installation, which may be in effect during the contract period.

1.3.2.5 Contract personnel requiring access to government owned computer networks must be able to obtain a minimum ADP II clearance, granted IAW AR 380-67, AR 380-19, and a check of the National Crime Information Center (NCIC) before being issued a user identification and password.

1.3.2.6 Contractor personnel providing Intrusion Detection System (IDS) alarm installation and maintenance shall be U.S. citizens who have been subjected to a trustworthiness determination IAW DoD 5200.2R.

1.4 PHYSICAL SECURITY. The Contractor shall be responsible for safeguarding all Government property IAW AR 380-19, AR 380-67, AR 190-11, and DoD 5200.1R, Appendix G. At the close of each work period, government facilities, equipment and materials shall be properly accounted for and secured.

1.5 QUALITY CONTROL.

1.5.1 The Contractor shall establish and maintain a complete Quality Control Plan to ensure the requirements of the contract are provided as specified. One copy of the contractor's Quality Control Plan shall be provided to the

contracting Officer not later than the post award conference for review and approval. An updated copy must be provided to the contracting officer as changes occur.

1.5.2 The contractor shall establish and maintain an inspection system covering all the services listed on the Performance Requirements Summary. It must specify the building number, areas and equipment to be inspected on either a scheduled or unscheduled basis, how often inspections will be accomplished, and the title and certification of the individual(s) who will perform the inspection.

1.5.3 The methods for identifying and preventing defects in the quality of the service performed before the level of performance becomes unacceptable.

1.5.4 On-site records of all inspections conducted by the Contractor and necessary corrective action taken. This documentation shall be made available to the government during the term of the contract.

1.6 QUALITY ASSURANCE.

1.6.1 The Government will evaluate the contractor's performance under this contract. All surveillance observations will be recorded by the government. When an observation indicates defective performance, the contractor shall initial the COR's observation.

1.6.2 Performance Evaluation Meetings. The contract manager may be required to meet at least weekly with the Contracting Officer's Representative (COR) and the contracting officer during the first month of the contract. Meeting will be as often as necessary thereafter as determined by the contracting officer. However, if the contractor requests, a meeting will be held whenever a Contract Discrepancy Report is issued. The written minutes of these meetings shall be signed by the contractor's supervisor, contracting officer and COR. Should the contractor not concur with the minutes, the contractor shall so state any areas of nonconcurrence in writing to the contracting officer within seven days of receipt of the signed minutes.

1.7 HOURS OF OPERATION.

1.7.1 The Contractor shall provide emergency repair service 24 hours a day, 7 days per week; upon receipt of oral or written notification from the Contracting Officers Representative of equipment failure, alarm malfunction or improper functioning of the system, with a 2 hour response time.

1.7.2 The Contractor shall accomplish all non-emergency type maintenance, inspections, testing and repairs, between the hours of 7:30 a.m. and 4:00 p.m., Monday through Friday.

1.8 CONSERVATION OF UTILITIES. The Contractor shall instruct employees in utilities conservation practices and be responsible for operating under conditions, which preclude the waste of utilities, which shall include.

1.8.1 Lights shall be used only in areas where and when work is actually being performed.

1.8.2 The Contractor employees shall not adjust mechanical equipment controls for heating, ventilation and air conditioning systems.

1.8.3 If used water faucets or valves shall be turned off after the required usage has been accomplished.

1.9 SAFETY REQUIREMENTS.

1.9.1. Reporting of Fire and Safety Hazards. The Contractor personnel shall be trained to recognize fire and safety hazards and report these hazards and unsafe conditions to their supervisor. The contract manager shall immediately notify the COR of all hazards and unsafe conditions detected during performance of work under the contract.

1.9.2 Contractor's employees shall comply with all safety requirements, in accordance with AR 385-32, OSHA and EM 385-1-1.

1.9.3 Environment and OSHA. The Contractor shall comply with all local, State and Federal environmental, OSHA and all pertinent provisions of the publication 29 CFR 1910 and EM 385-1. Any apparent conflict with the requirements of the contract shall be immediately brought to the attention of the Contracting Officer or his authorized representative for final resolution. The Contractor shall be liable for all fines, penalties, and cost which result from violations of, or failure to comply with, rules and regulations. All unsafe acts or conditions fostered by the Contractor or Contractor personnel may be grounds for the Contracting Officer or his authorized representative to halt any and all Contractor performance with a commensurate deduction of monies due the Contractor until such unsafe conditions are corrected. The Contractor shall take due caution not to endanger personnel during performance of this contract.

1.9.4 Equipment Safety. Any equipment used in performance of this contract may be inspected by the COR at any time. If the equipment is at any time deemed unsafe or unserviceable by the COR, the Contractor shall remove equipment from the area immediately. The Government does not assume and hereby specifically disavows any duty to inspect the equipment in order to assure safe operation. The Contractor or subcontractor(s) at any tier are at all times responsible for assuring equipment is in a safe, responsible manner. The Contractor shall in all cases ensure any equipment used in the performance of this contract is in a safe and serviceable condition.

1.9.5 Personnel Safety

1.9.5.1 The Contractor shall perform work requirements in a manner to protect occupants and property within the area from any harm or injury; to include providing safety barriers or tape to show work area.

1.9.5.2 The Contractor shall immediately correct all safety deficiencies upon findings or notification of the deficiencies by contractor personnel, the Contracting Officer/COR, and shall notify the Contracting Officer/COR of the corrective action to be taken.

1.9.5.3 The Contractor shall not leave equipment unattended while in use or unsecured while at the work site.

1.9.6 Accident Protection and Emergency Medical Treatment

1.9.6.1 All work crews, office personnel and the COR shall be provided with information pertaining to the Contractor's arrangement for emergency medical treatment. This information shall include the following:

Local Hospital:	Name	Phone No:
Local Ambulance:	Name	Phone No:

3 GOVERNMENT FURNISHED SERVICES.

3.1 Utilities. (Electricity and water)

3.2 Emergency Medical Service. Medical services for Contractor personnel are the responsibility of the Contractor. However, on an emergency basis, the Government will provide medical services for job-related injuries while an employee is performing under this contract. Such emergency medical care will be limited to those services necessary to prevent undue suffering or loss of life and will be provided only during the period of the emergency. In such circumstances, action shall be taken by the Contractor to transfer employees of the Contractor to a health care provider as soon as the emergency period ends. The Contractor shall reimburse the Government for emergency medical services provided upon receipt of invoice from the medical facility. Medical facilities are located at Womack Army Medical Center, Fort Bragg, North Carolina.

4 CONTRACTOR FURNISHED ITEMS AND SERVICES.

4.1 GENERAL. Except for those items or services specifically stated to be government furnished in Section 3, the contractor shall furnish everything required to perform this performance work statement.

4.2. Vehicle(s) shall prominently display the company name and telephone number on both sides of all vehicles.

5 SPECIFIC TASKS:

5.1. Contractor shall provide all labor, test equipment, and transportation necessary to perform preventive maintenance, two thousand hours support per year for scheduled annual maintenance of approximately 700 zones (See technical exhibit) by providing inspection, testing, and cleaning, consistent with operational requirements to ensure continuous operation and reliability IAW manufacturer recommendations and pertinent regulations.

5.1.1 Each device shall be tried to assure an alarm will sound when there is a violation of the alarm system. Any failure in the system shall be corrected immediately by adjustment. If repair/replacement is required the contract personnel shall immediately notify the COR that an emergency service order should be submitted through PWBC, indicate type repair/replacement and building number. All batteries shall be tested under load/no load to determine the expected useful life remaining in the cells. Any necessary recharging of batteries shall be accomplished immediately. If the battery needs to be replaced the contract personnel shall furnish a copy of the load/no load test to the COR and a service order will be submitted. Contractor shall lubricate all moving parts in accordance with manufacturers recommendations. Fan motors for computers, which are a part of the system shall be inspected for proper operation, and filters shall be cleaned or replaced. Electrical contacts shall be tightened and cleaned to ensure proper operations.

5.1.2 It shall immediately be called to the attention of the security officer in charge of the area, the Central Monitoring Center and the COR, should any test reveal a weakness in the degree of security provided by the system or should any evidence be found of unauthorized items, taps, microphones, transducers, grids, foil, or other sensitive elements,

any signs of tampering with any part of the system, or any equipment or sensitive element has been moved, changed or removed.

5.1.3 The system that the inspection, testing or cleaning is being performed on, shall be completely and fully operational prior to departing the site, unless the contractor obtains written approval from the COR to leave the system out of operation.

5.1.4 The Contractor shall submit a preventive maintenance schedule to the Central Monitoring Center and the COR, 15 days prior to beginning each annual scheduled maintenance. The schedule shall show the location of the system and the date of the scheduled maintenance. The first preventive maintenance schedule shall be submitted within 10 days after contract award. The Contractor shall coordinate a time for the preventive maintenance with the Security Officer or his responsible representative for each system to be serviced, except Housing Areas. The COR will coordinate with the Housing Division for the times and availability of each set of quarters and a list will be given to the Contractor.

5.1.4.1 The Contractor shall provide emergency repair service 24 hours a day, 7 days a week. The contractor shall be on-site to begin repairs within 2 hours after receipt of oral or written notification of equipment failure or improper functioning of the system. All repairs/replacements and/or adjustments required to make the system completely operational shall be accomplished within 6 hours of the initial notification. If the contractor is unable to complete the repairs within the 6 hours, he shall contact the COR, explain the circumstances and obtain approval of the COR to leave the system out of operation. Only the COR, those designated by the COR or the Contracting Officer are authorized to contact the contractor for repair service. A list of designated individuals authorized to call for repair service will be provided to the contractor at the post award conference and shall be updated by the COR as changes occur. Every effort shall be made to restore the system to fully functional normal operation in the shortest possible time. The Contractor shall notify the Central Monitoring Center prior to maintenance and repairs and after to assure system is operational. Upon arrival at the facility the contractor's service technician shall initiate a repair service work order form and have the security officer or duty officer sign and date. After an initial inspection of the system has been made by the contractor's service technician, the security officer for the area, duty officer or other responsible person at the site of the system shall be notified by the service technician of the estimated time required to restore normal operation of the system. As soon as the system is restored to full operations status, the service technician shall notify the same person that the system is fully operational and have service order form signed and dated prior to departing the site.

5.1.4.2 The Contractor shall be responsible for the repair and/or replacement of any and all defective and/or unserviceable components and parts of any of the systems. Parts, materials and components used for replacement shall be manufacturer recommended replacements. Items that are equal to or exceed the specifications recommended by the manufacturer and that are fully compatible with the system will be acceptable when approved by the COR prior to use. Call backs for repair work already performed for any reason, regardless of the number of times, shall be at no additional cost to the government, (with the exception of causes for which the contractor has no control, i.e., acts of God, fire (not caused by system), water infiltration, or as determined by the COR or the Contracting Officer). The Contractor is forewarned that there may be calls for repair service or resetting of systems due to user error or after the restoration of power lost during electrical storms or work performed on the electrical system. This shall be considered repair service and at no additional cost to the government, unless determined to be non-fair wear and tear by the COR or the Contracting Officer. If after normal working hours the contractor shall notify the COR by the next work day of damages that were caused by other than fair wear and tear. The Contractor shall not repair the non-fair wear and tear damaged equipment unless directed to do so by COR. This does not relieve the contractor of his responsibility to bring the system back to operational condition.

5.1.4.3 Any major delays or potential problems incurred by the Contractor during the performance of this contract shall be immediately brought to the attention of the COR at the time of occurrence if during normal duty hours (7:30 a.m. - 4:00 p.m. Monday through Friday). After normal duty hours, on weekends or holidays, the Contractor shall notify the COR immediately on the next normal working day.

5.1.4.4 Immediately notify the COR of any equipment replaced, or removed for repairs during the term of this contract, to include type, make, model and serial numbers if applicable. If the contractor has to remove any government-owned equipment from the site to make necessary repairs, prior to doing so, he shall provide a written receipt fully identifying the equipment by make, model, and serial number to the using activity. A copy of the receipt shall also be provided to the COR.

5.2 CLEANUP: Remove all trash, debris, or surplus materials from the job site at the end of each workday and shall leave the job site clean of all debris when all work is completed. Maintain a clean and safe working environment at all times.

5.3 DAMAGES: The Contractor is liable for any and all damages or losses caused through fault or negligence of his agents and/or employees.

5.4 REPORTS AND FORMS: The Repair Service Work Order Form and the Preventive Maintenance Inspection Report Form may be the same form, provided the form furnishes all required information for each type of work and can be separately identified and separately numbered in sequence for each type of work. The Contractor shall provide the following reports:

5.4.1 Repair Service Work Order Form: The Contractor shall provide a Repair Service Work Order Form for use when responding to repair service calls. The form shall be of the contractors design and shall show at a minimum, building number, date and time of notification of problem, time of arrival and departure at the job site and printed name and signature of the contractor's service technician. The repair work order service form shall include a list of all parts and components and the price for each part used in the repair of the system. The completed repair service work order form and original receipts for equipment (with actual cost) shall be submitted to the COR by the contractor on or before the 10th of the following month. The contractor's Repair Service Work Order Form shall be submitted within 10 days of contract award date or during the post award conference, whichever is sooner, for the COR's approval.

5.4.2 Preventive Maintenance Inspection Report Form: The Contractor shall provide the COR, a combined report of all preventive maintenance work performed during the annual inspection, showing the date, time maintenance was started and completed, and location of the system where work was performed, to include Contract Line Item Number (CLIN), building number, any signs of tampering, and the findings of the systems' condition. Attach the original copy of the preventive maintenance inspection form to the report. The form shall also include the name and signature of the service technician or technicians performing the maintenance, date of service, time of arrival and time of departure. Have the security officer or his authorized representative sign the contractor's form upon completion of the preventive maintenance service. This report along with the invoice is due to the COR within the first 10 work days of the month following the month in which the work is performed. Report Form shall be of the Contractor's design, and shall show all information necessary to insure that all parts, components, and equipment have been tested, inspected and when necessary, adjusted, repaired, or replaced. The Forms shall be numbered in sequence. This form shall include all other information as required by this contract for Repair service work. The Form shall be submitted for approval to the COR and the Contracting Officer prior to the contract start date.

6. APPLICABLE PUBLICATIONS AND FORMS: Publications and forms applicable to this Performance Work Statement are listed below.

6.1 Supply of Publications and Regulations. The Contractor shall request additional Government publications and regulations from the Contracting Officer on forms supplied by the Government. Commercial publications necessary for the performance of this contract, shall be provided by the Contractor, at no expense to the Government.

6.1.2 Applicable Publications and Regulations.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$2.36 an hour or \$94.40 a week or \$409.07 a month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 8 years, and 4 weeks after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.
- 3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordinance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation,

demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges. A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials

which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition.

These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the

furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)} Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted

classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed

wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees. Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

QUALITY ASSURANCE SURVEILLANCE PLAN

FOR

MAINTENANCE AND REPAIR

OF

GOVERNMENT-OWNED INTEGRATED COMMERCIAL INTRUSION DETECTION SYSTEM (ICIDS)

POSTWIDE

This Quality Assurance Surveillance Plan is not part of the Request for Proposals nor will it be made part of any resulting contract. The Government has the right to change or modify inspection methods at its discretion.

CORRECTIVE ACTION CONTAINED IN THIS PLAN SHALL BE SEPARATE AND APART FROM OTHER REMEDIES SPECIFIED IN THE CONTRACT. NOTHING IN THIS PLAN SHALL BE CONSTRUED TO WAIVE OR LIMIT THE GOVERNMENT’S RIGHTS UNDER ANY OTHER PROVISIONS OF THIS CONTRACT.

1. Introduction. The QUALITY ASSURANCE SURVEILLANCE PLAN (QASP) has been designed to provide the Contracting Officer’s Representative (COR) an effective and systematic surveillance method for each listed service. Methods for administering and evaluating other provisions of the contract are to be developed by the Contracting Officer and the COR.

1.1 The QASP provides a systematic method to evaluate the services the Contractor is required to furnish and not the details of how the Contractor accomplishes the work. The plan uses a combination of the surveillance methods described below which adequately assures the Government of the Contractor’s performance while keeping the cost of surveillance within the requirements of OBM Circular A-76.

1.2 The QASP is based on the premise that the Contractor, and not the Government, is responsible for management and quality control actions to meet the terms of the contract. The Government recognizes that the Contractor is not a perfect manager and that unforeseen and uncontrollable problems do occur.

1.3 Good management and use of an adequate quality control will allow the Contractor to operate within specified performance requirements. COR’s are to be objective, fair, and consistent in evaluating Contracting performance against the standards.

HOW TO USE THE SURVEILLANCE PLAN

2. Contracting Officer Representative Schedule. The COR will develop a monthly surveillance schedule based on this surveillance plan's requirements. The monthly schedule will be completed not later than the last workday of the preceding month. Copies of the schedule shall be sent to the Contractor Administrator. The schedule shall be marked **"FOR OFFICIAL USE ONLY"** and shall not be shown to the Contractor.

2.1 Indicate when any Management Information System reports will be reviewed.

2.2 Changes to the monthly surveillance schedule will be posted weekly and copies sent to the Contract Administrator. Include documentation of the reasons for the changes.

3. ACTUAL SURVEILLANCE. Actual surveillance should be comparable to the monthly schedule.

3.1 It is essential that the exact number of periodic checklist inspections be done for an effective quality assurance system.

4. 100% INSPECTION SURVEILLANCE. When 100% inspection is the method of surveillance, record the results of the inspection on the tally checklist(s). These documents then become the official record of the contractor's performance.

4.1 When a surveillance observation results in an unacceptable rating recorded on the front of the check list, the specific reason for the unacceptable performance must be recorded on the back of the tally checklist.

4.2 The contractor is required to immediately correct, if possible, all defects detected during surveillance by the COR. Any defects corrected by the Contractor shall still count as defects, as the sample only represents performance in all of the lot not inspected.

4.3 During the month the COR may receive customer complaints about the quality of the service or may observe unacceptable performance by the contractor other than during a sample observation. These complaints and observations will be noted and should reinforce the accuracy of the sample results, but they will not be counted as a defect. Only defects discovered during sample observations will be counted when sampling is the method of surveillance. Only one surveillance method may be used during an inspection period to cause less than maximum payment for the listed service.

4.4 If any government action or lack of action caused unacceptable performance, these defects shall not be counted. The Contractor must manage the corrective actions deemed necessary to deliver the contract requirements and shall not only on the COR's determination of the reason for unacceptable performance.

4.5 If performance is judged unacceptable, the COR will initiate a Contract Discrepancy Report (CDR) and submit it with the checklist recording the unacceptable performance, to the Contract Administrator. The seriousness of the situation should govern whether the COR should provide the CDR to the Contracting Officer as soon as unacceptable performance is indicated or wait until not later than the third workday of the month following the surveillance.

5. OTHER SURVEILLANCE METHODS. Services surveyed by the methods other than sampling shall have the results of the surveillance documented on the appropriate surveillance activity checklist of customer complaint form. The recording of defects or unacceptable services are the same as described above.

6. REDUCED SAMPLING. When the Contractor's quality control plan works, good performance results. It is possible to reduce the amount of surveillance done with sampling when good performance has been provided for at least four months.

7. **INFORM CONTRACT MANAGER.** The COR must always contact the contractor's manager or on-site representative and inform the manager of what was wrong. There is no need to do this in writing. However, whenever possible, have the manager initial the entry on the tally or surveillance activity checklist. When the contractor does not initial the checklist, the COR must note on the back of the checklist where the defect is recorded, the time and method of notification, and the COR's initials.

8. **REVISIONS TO QASP.** Revisions to this surveillance plan are the joint responsibility of the functional area chief and the administrative contracting officer.

PERIODIC SURVEILLANCE

There are some contractual requirements that do not properly fit under the random sampling concept. These type items are inspected using checklists by frequency of the surveillance (daily, monthly, etc.). These checklists are contained in this section.

SURVEILLANCE BY CUSTOMER COMPLAINT

The following checklist contains contract requirements that can best be monitored by the individual of activity receiving the service.

- a. At the start of the contract, the COR shall instruct customers responsible for submitting complaints on the requirements of the contract that pertain to them and on the proper method to complete the customer complaint form. Customers shall be required to submit the form during the daily shift when the defect was discovered. A written copy of the specific contract requirement will be provided to the individual or activity supervisor. Several complaint forms shall be provided to the customer at the end of the instruction period.
- b. Once each quarter, the COR will contact each customer involved to assure there is an understanding of the contract requirement by all appropriate personnel and that they have a sufficient number of forms. Customer contact shall be scheduled on the COR schedule.
- c. When a complaint is received, the COR validates the complaint and notifies the contractor of the defectives.
- d. The COR will retain and file the complaint form. At the end of each month all validated complaints will be evaluated to determine if performance is acceptable or unacceptable based on the criterion in the contract.
